Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Pursuant to the duty of disclosure as set forth in 37 C.F.R. §1.56, §1.97 and §1.98, Applicants hereby disclose a publication known to them which may be material to the patentability of this invention. The publication is listed on the attached Form PTO-1449, and a copy is enclosed. Kindly acknowledge receipt of this Statement and make the cited reference of record in the subject application.

Submission of this publication does not constitute an admission that it is "prior art" under 35 U.S.C. §102 or §103, and Applicants specifically reserve the right to antedate any such material as by a showing under 37 C.F.R. §1.131 or other method.

Since this Supplemental IDS is being filed before the mailing of a first Office Action on the merits, no fee under 37 CFR 1.17(p) is believed to be required. However, if a fee is required, Applicants authorize the Commissioner to charge Applicants' deposit account no. 09-0089 in an amount necessary to permit consideration of this Supplemental Information Disclosure Statement.

Respectfully submitted,
